To Division of Gas and Mining,

In regards to violation number MC-2006-01-02 which we received we would like to issue the follow statement:

DJN is not filing for a large mining permit. We would thereby request that we also do not need a large mining permit on the basis that the area in question has been reclaimed as of October 26, 2006. As of said date the Division of Oil, Gas, and Mining has verified such, our contact with the division is Lynn.

Any questions please contact us directly at our new office number of 801-292-7844 or on my cell phone 435-840-0879.

Thank you.

Sincerely,

John Carter
